

MSC DEDICATED HUB SEAMLESSLY CONNECTING ROTTERDAM TO EUROPE AND GLOBAL TRADE

Starting now, MSC's dedicated hub at Barge Center Waalhaven (BCW) terminal-connected via barge and truck is fully operational as extended gate. This strategic location enables faster, more reliable container delivery, ensuring seamless cargo flows by connecting the terminals of Rotterdam, Amsterdam, Flushing, and Antwerp.

CARGO SOLUTIONS

With extended opening hours from 6AM to 10PM Monday-Friday, the service supports both dry and reefer cargo, offering flexibility for efficient operations. The hub operates 12+ sailings per week, ensuring maximum reliability, no waiting times, and excellent berthing availability. By shifting cargo from road to barge road surcharges will be avoided, idle time reduced, CO₂ emissions lowered, all contributing to a more efficient and sustainable supply chain.

COST EFFICIENT

By optimizing berthing through larger calls at a single dedicated hub

SAVE TIME

Enhance trucking efficiency by reducing road mileage, lowering CO₂ emissions, and minimizing idle time at the terminal

12+ WEEKLY SAILING

Frequent and reliably connecting dry and reefer cargo through seamless multimodal connections
