

**UK INLAND SOLUTIONS
YOUR PARTNER. OUR NETWORK. CONFIDENCE IN EVERY MILE.**

THE JOURNEY IS ONLY JUST BEGINNING

Your cargo's journey doesn't stop at the port, and neither does MSC. Wherever your cargo is headed, we move it closer to its destination through a choice of UK ports and strategically located inland terminals. Powered by the UK's largest intermodal network, we seamlessly connect sea, road and rail to deliver a complete one-stop solution for your business.

Behind this network is a team you can rely on. Our dedicated experts, based across three regional UK offices, manage your inland transport needs with confidence, care, and end-to-end visibility.

With MSC, you're always connected – to our people, to the vessel, to the port, and to the information you need to keep your supply chain running smoothly.

SUPPLY CHAIN CONFIDENCE

DOOR-TO-DOOR CONNECTIONS

Our leading inland transport fleet provides nationwide coverage, connecting all corners of the UK and supporting supply chains of all sizes – from major distribution centres to more remote final delivery points.

SPECIALIST EQUIPMENT AVAILABILITY

We have the resources and expertise to provide a wide range of bespoke equipment to support your operations – including side-loaders for flexible ground handling, tipper trailers for bulk commodities, and purpose-built solutions for oversized loads.

TAILOR-MADE SOLUTIONS

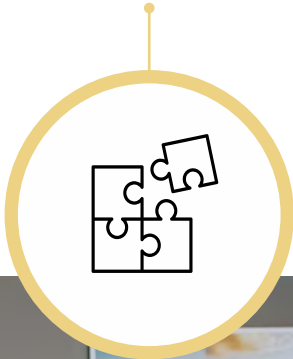

Our tailor-made haulage options, such as drop-and-swap and stand-trailer operations, are designed to flex around your operation, providing greater efficiency and continuity, even if schedules change.

EXPERT KNOWLEDGE

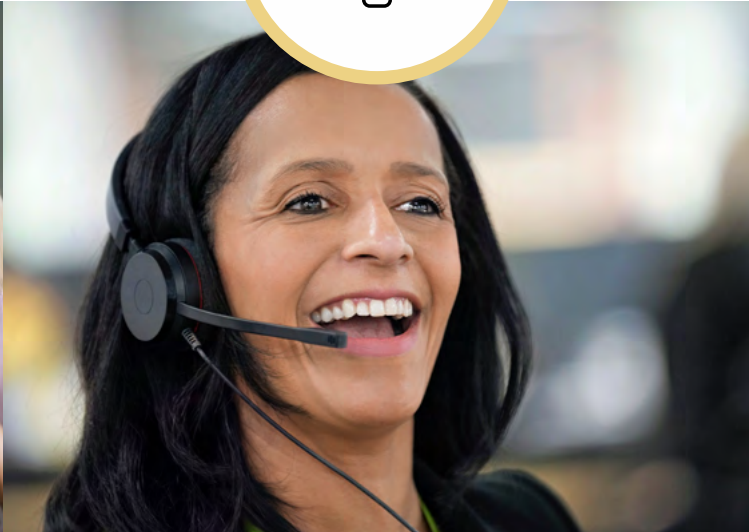

THE RIGHT TEAM, AT THE RIGHT MOMENT

From price enquiries to booking requests and on-the-day updates, our UK experts work together to deliver a smooth, coordinated inland experience from start to finish.

ALWAYS KEEPING YOU INFORMED

Our Transport Support Team is dedicated to delivering a personalised service, providing clear communication and timely updates to ensure you always have the information needed to plan ahead.

SPECIALIST KNOWLEDGE, EXPERT GUIDANCE

Our specialists provide tailored guidance and practical solutions for temperature-controlled, oversized and high-value cargo, ensuring complex shipments move safely and efficiently.

DRIVING A GREENER FUTURE, TOGETHER

Lowering carbon emissions starts with choosing cleaner, more efficient inland transport options that make a meaningful difference to your supply chain footprint.

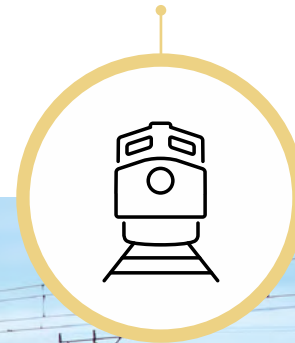

A LEADING UK eHGV ROAD FLEET

Backed by a rapidly expanding charging network, the MSC Group operates the UK's largest electric HGV fleet. Our sustained investment in eHGV capability provides dependable capacity and a lower-emission road transport solution that reduces environmental impact without compromising service performance.

AN EXTENSIVE UK RAIL NETWORK

We maximise rail utilisation to keep your cargo moving reliably during periods of disruption while providing a lower-emission alternative to road. By integrating major UK ports with key inland routes, we save millions of road miles each year, strengthening the overall resilience and sustainability of your supply chain.

FULL VISIBILITY, EVERY STEP OF THE WAY

24/7 ONLINE ACCESS

Giving you access to:

- Competitive rates
- Accurate haulage availability
- Real-time container tracking
- Booking requests and visibility
- For further information please visit intermodal.mscuk.com/register

VIEW YOUR HAULAGE SLOTS

- Enjoy the flexibility of checking haulage availability at your convenience, whenever and wherever it suits you best – in just a few simple clicks
- View available haulage slots up to one month in advance, helping you stay organised and on top of your logistics planning
- Scan the QR code to view our availability
