WHY CHOOSE MSC'S FUMIGATION SOLUTION?

Our best-in-class fumigation service at our MPET terminal in Antwerp is designed to simplify your supply chain and save you time. Containers can now be delivered directly to our fully equipped quayside fumigation zone by road, rail or barge, with no need to stop on the way to the port. After fumigation, your cargo can continue its journey with direct connections to our worldwide services to Australia, China and many other destinations.

A UNIQUE SERVICE

MSC Belgium is the first company (carrier or otherwise) to offer fumigation at the deep-sea quay.

REDUCE TRANSPORT MILEAGE AND WIN TIME

Containers can arrive by road, rail or barge for on-quay fumigation, giving your supply chain more flexibility and eliminating the need for additional haulage to and from an external fumigation zone.

SEAMLESS CONNECTIONS

Keep your cargo moving across Europe and beyond by combining our fumigation services with our broad ocean and inland network.

AN EXCEPTIONAL SERVICE BY A TOP-RATED SUPPLIER

MSC has partnered with fully certified disinfection specialists to offer you a first-rate fumigation solution tailored to your needs. We help you to select the right fumigants and treatment depending on your requirements and cargo.

FLEXIBLE FUMIGATION FOR YOUR SUPPLY CHAINS

LOGS

With a team of in-house forestry experts, MSC has been shipping logs to the Far East for decades. Our seamless fumigation service is specially designed to meet the needs of our wood customers, including those with specific requirements due to the bark beetle infestation in Northern Europe.

YEAR-ROUND BMSB FUMIGATION

We offer standard and heated fumigation options, providing year-round fumigation to secure your supply chain across all seasons. BMSB fumigation is available for different commodities and can also be arranged for project cargo.

BESPOKE FUMIGATION

Our fumigation zone can also run other types of fumigants or fulfil other import requirements. Our partners make sure we keep track of new developments and products: all types of fumigation can be discussed.

END-TO-END SOLUTIONS & COMPLEMENTARY SERVICES

Ensure smooth, efficient deliveries across Europe and beyond with our end-to-end solutions, integrating intermodal connections, certifications, and VGM weighing.

RAIL

Train terminal at quay.
Direct European Hinterland connections to & from MPET terminal

BARGE

Regular services to/from S11 depot.
Daily connections from hinterland to MPET terminal

TRUCK

S11 depot and MPET terminal open at night for faster loading and unloading, avoiding busy daytime traffic

ANTWERP IS THE GATEWAY PORT FOR EUROPE

Thanks to MSC's extensive intermodal network, customers across Northern Europe can now deliver their cargo to MPET, Antwerp by barge, rail or truck for fumigation and onward carriage to the Far East, Australia and beyond.
